Tools & Methods: Git, GitHub, Heroku, Netlify, Responsive Development, RSpec BDD, TDD, Vite, Docker, Nginx.

Professional: Remote Pair-Programming, Teamwork, Mentoring, Peer review.

EXPERIENCE

MICROVERSE

Remote

Part-time Code Reviewer

Oct 2022 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and encourage professional standards and best practices.

HOOLOLI

Remote

Frontend Developer

Oct 2022 – Present

- Led the development of a new project from the ground up, closely following the product requirements to deliver a high-quality product using React, Typescript, and Tailwind.
- Focused on continuously delivering features following best practices, code testing, and documentation.

EDUCATION

MICROVERSE

Mar 2022 – Oct 2022

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers in a cross-cultural environment.
